

Palestinian Media Watch has revealed that the day following Palestinian Authority President Mahmoud Abbas' impassioned plea before the United Nations General Assembly, calling for international recognition of a Palestinian state in accordance with the 'two state solution', PA Television were broadcasting promotional images in support of the UN bid showing maps of the Middle East with the state of Israel nowhere to be seen. It is of course not the first time that this has happened. Shortly following Abbas' speech at the commencement of the Annapolis peace process in 2007, PA TV broadcast graphics showing a Palestinian state comprising all of the territory now possessed by Israel. Perhaps in 2007 this might not have been such a serious issue. There was no threat of a Palestinian state being established without a peaceful solution being reached. But with no peace agreement in sight, and the Palestinian Authority now demanding that the world give them a state, it has become a very serious issue indeed.

Quote: *"The day after PA Chairman Abbas delivered the Palestinian Authority's request for statehood to the UN, PA TV, which is controlled directly by Abbas' office, broadcast a map that erases Israel and envisions Palestinian sovereignty over all of Israel.*

The map includes both the PA areas and all of Israel (excluding the Golan Heights) wrapped in the Palestinian flag - a symbol of Palestinian sovereignty over the whole area - and has a key through it, symbolizing ownership.

Western governments either do not understand or choose to wilfully ignore the fact that the stated goal of the establishment of a Palestinian state is the destruction of Israel. While the Palestinian Liberation Organization recognizes Israel's right to exist, it does so out of necessity, but both Fatah and Hamas as member parties still do not recognize Israel's right to exist. As we have seen before, this idea that all the land west of the Jordan river really belongs to a 'Palestinian people', racially Arab and religiously Islamic, is at best a lie. It is historic revisionism which is being used to justify ethnic cleansing and ultimately genocide. Surely the governments of the world must know the truth. But each has their own agenda and reasons for supporting this demonic 'piece process'.

Nehemiah 2:10
When Sanballat the Horonite, and Tobiah the servant, the Ammonite, heard of it, it grieved them exceedingly that there was come a man to seek the welfare of the children of Israel

As in Nehemiah's day, the nations of the world are dismayed that someone has come to seek the welfare of the children of Israel. They desire to hinder the rebuilding of the city of Jerusalem (Nehemiah 4:7-8), for they know that “when the LORD shall build up Zion, he shall appear in his glory ”, Psalm 102:16. They fear the coming of a King of Judah (Nehemiah 5:6-7), one who will depose their usurper from the throne and put an end to their lawless deeds. Praise God that one did come seeking the welfare of His brethren. And He seeks your welfare too. “ For the Son of man is come to seek and to save that which was lost ”, Luke 19:10. He gave His life for you upon the cross so that you might have salvation and know your sins forgiven. And He is coming again, as King of Kings and Lord of Lords. Have your sins been forgiven? Have you trusted in Jesus Christ for salvation? Believe on the Lord Jesus Christ for salvation today.
